Please note: You will apply for your ARC 'alien card' as soon as you arrive on campus. It will take 4-6 weeks to arrive. You must not leave the country (for weekend trip to Japan ect) until you receive your ARC card, otherwise you will be denied re-entry into Korea!

Before you leave > Let the preparation begin! > VISA application

- Spelling MUST be exactly the same as in your passport.

As there are countries such as Germany, Czech Republic, and Russia that have different alphabets, when filling out the application, please be sure to use **the same name as the one written at the bottom part of your passport**. Please pay attention to the symbol for the spacing of words ( < > ), also, be careful not to include the three-letter country code (e.g. RUS) written before your name.

★ 交换生填写申请书的时候，请填写护照下方的英文字母(图片中红色部分)

※ 신청서를 작성할 때 반드시 여권 아랫부분에 있는 영어 이름으로 기재해주세요.  
이름 앞에 있는 국가 알파벳 3개(예> RUS)는 포함하면 안 됩니다.

- Your passport must also have a minimum of 6 months remaining at the time you leave Korea. If not, please renew your passport before you apply for Hallym Exchange. Please check your passport now! (we need to input your current passport information into a government system to generate your certificate of admission). If you apply for Hallym exchange with a passport that has less than 6 months remaining, at the time you FINISH your exchange period at Hallym University, you will be rejected from the Hallym Exchange program.

## APPLYING FOR A VISA

Before making travel arrangements, you will need to obtain an appropriate visa. It is vital that you apply for your VISA as soon as you receive your VISA confirmation number from Hallym. Please do not delay. Please also understand that the information Korean Embassy gives can change at short notice, given the current COVID pandemic.

Buy your insurance which can cover the whole period of your stay in Korea. It is vital that you are insured as you travel to Korea. Typically Korean medical insurance does not become active until you pay the fee and your policy is registered. For this reason it is a very good idea to take out international travel and medical insurance from your home country, before you travel.

## REVIEWING INTERNATIONAL HEALTH INSURANCE

Course list and selection form will be announced by E-mail at the end of January 2022

Please look at the Hallym Exchange web site [en.hallym.ac.kr](http://en.hallym.ac.kr) for more information

Please follow the instructions given in this pre arrival guide (please remember some of these dates are TBC). It is vital you print/save this PDF and bring it with you to Korea. You can also ask any questions via [gareth@hallym.ac.kr](mailto:gareth@hallym.ac.kr)

## COURSE REGISTRATION

## DISCOVERING THE BEST WAY TO GET TO CAMPUS

## SAFE TRAVEL

## CHECKING IN AT THE DORM OFFICE

Your buddy will help you find the dormitory hall you previously selected.

## ATTENDING ORIENTATION

Explore and attend the Orientation which is beneficial for you.

## GETTING THE TUBERCULOSIS TEST

All enrolled students who live in the dormitory are required to complete the Tuberculosis screening test. The TB test (chest X-ray) must be completed on Hallym campus during the first week of the semester (this rule applies to all students living on campus, including Korean students).

Depending upon your nationality, you may be also required to submit a TB certificate at the time of

## APPLYING FOR FOREIGN REGISTRATION

your application to your respective Korean Embassy for VISA issuance

Please refer to the 'Hallym University Fact sheet PDF' which you can find within the 'exchange pack' on our [web site](#)

ISSO will help you apply for foreign registration card (Alien Card)/ARC. It is a very good idea if you bring the correct sized passport photo (x2) with you from your home country. Korean Embassy rules for photos can be seen [here](#).

## E-MAIL

Your e-mail account is the one that we will use to communicate with you. Thus, be sure to check your e-mail regularly to avoid missing any important information from us. Please save [gareth@hallym.ac.kr](mailto:gareth@hallym.ac.kr) and [iao55@hallym.ac.kr](mailto:iao55@hallym.ac.kr) (gareth's second email) into your email, to avoid them being sent to your 'spam' folder. It is best if you provide two email addresses (your personal email + your .ac university email). Please make sure you write your email address correctly (Do not capitalise the first letter of your email address, unless that is how you made it).

## VISA

Once you have received your VISA number, you must obtain your visa at the Korean Embassy in your [home country](#)

Please check with your university coordinator which office address they would like you to use for official postal communication between Hallym and your home university. Please give the full address details, listed on the application form (including ZIP code)

\*If you are currently studying in a different country from that of the passport you will apply with, please contact the respective Korean Embassy in the country which you currently live to see if they will be able to process your student VISA there.\* > **Please do not wait until the final moment to do this!**

The business registration number of Hallym University is **221- 82-05646**. You might need this number to apply for your visa, depending on your country. When you make your initial entrance into Korea, your visa must be for Hallym University.

■ **Please note** that this visa lets you travel to Korea **only one time** unless you apply for and get a Foreign Registration Card (Alien Card) which functions as a ‘multiple entry visa.’ **Once you leave Korea without the Foreign Registration Card, you must have a new visa to enter Korea again. You will apply for your Alien Card when you arrive at Hallym University. You will receive it approximately four weeks later.**

Please note that from spring 2021 all incoming International Students (including exchange students) will be required by law to sign up to Korean Medical Insurance.

## HEALTH INSURANCE

More information can be found on our ISSO website:

<https://en.hallym.ac.kr/>

VISA> [Health Insurance](#)

Hallym University still encourages you to take out international travel insurance for your international exchange period in Korea, to cover any period at the start of the semester before your Korean Medical Insurance becomes active and for any travel period outside of Korea.

Please direct any further insurance questions about insurance to [iao44@hallym.ac.kr](mailto:iao44@hallym.ac.kr)

## COURSE REGISTRATION

**For international exchange students, an updated list of classes for 2022 spring semester will be distributed by e-mail (likely to be in January 2022), before your arrival in Korea. During this time, you will have a one week period to select your course preferences. It is therefore vital that you regularly check your email. The list you currently have is from spring 2021 semester, so some of the courses may change slightly. Please use it as a guide, when selecting courses now.**

You are asked to fill in a course registration form and return it to the International Coordinator at Hallym by e-mail. (Late January/Early February 2022). Your course requests will then (wherever possible) be booked for you. **\*please note that some courses may change, or be dropped. Some courses may also clash with other classes you have chosen\*** You will be given the opportunity to change classes (where seats are available), during your first week at Hallym.

During the International Orientation and ‘Add-Drop period’, the International Office will assist you in course registration.

**\*Please note, that seats may become available on courses, as other exchange students, or Korean students change classes,**

during the whole add/drop class period.\*

A class taught in English is automatically canceled, if less than 10 students register for that class. In other words, if 10 or more students register, the class will be delivered as planned.

International exchange students studying at Hallym must attend at least one regular class at the undergraduate level. **You must also study a minimum of 12 credits, up to a maximum of 18 credits.**

Students should plan to arrive on campus in time to participate in the International Orientation.

#### RECOMMENDED ARRIVAL DATE

- Recommended arrival date : 24th-25th February 2022 ([As previously indicated, you may be required to arrive in Korea approximately 14 days before the start of the semester to 'self-isolate' .](#)
- International Orientation : (likely) 25th February 2022 (**Mandatory**)

#### Directions to Hallym University

\*If self-isolation is required, it is likely that you must take a pre-arranged bus to Chuncheon and Hallym organized by the local medical center. It is likely that you will be taken directly from the airport to Hallym to begin your self-isolation\* It is for this reason that it is strongly recommended that your flight lands at Incheon Airport by lunchtime on the specified day(s) (which will be given to you in due course).\* You can read a report about students experiences in spring 2021 [here](#) please note that such ' self-isolation' may not be required for spring 2022. Nominated students will be notified of procedures as soon as possible.

The regular intercity bus schedule (which is likely to be suspended is as follows)

The 14:10 bus (terminal 1) 14.20 (terminal 2) is the final bus that will arrive in Chuncheon on time, for you to arrive at International Office, before it closes at 17:30. It is therefore recommended that your plane lands at Incheon Airport before 12.00. There are plenty of affordable hotels nearby Incheon Airport (in Unseo dong) that will pick you up, and drop you back off at the airport the following morning, if you arrive later than this, or you may choose to travel to Chuncheon and stay in a motel overnight. The journey is very safe and easy!

(please note that if COVID restrictions are in place, you will be required to come directly to Hallym campus).

If you require any advice on hotel booking in Unseo dong or Chuncheon please email [gareth@hallym.ac.kr](mailto:gareth@hallym.ac.kr)

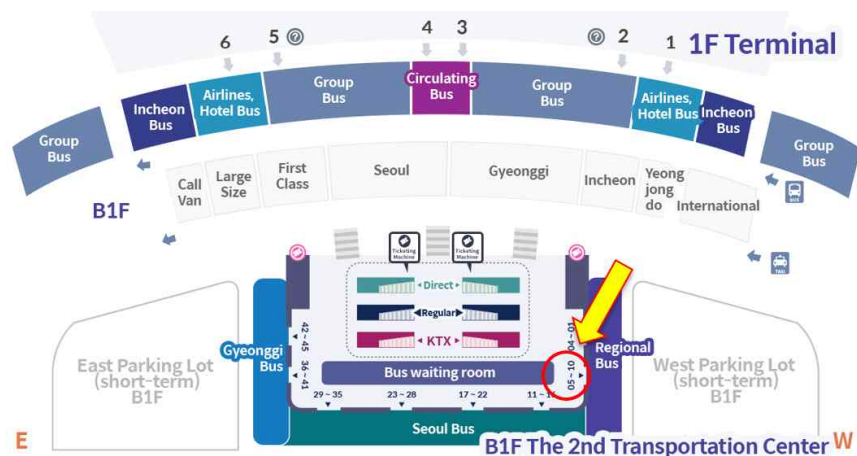

Please do not take a taxi to Hallym University from the Airport, the journey is almost 2 1/2 hours!

From INCHEON Int'l Airport (terminal 1) to CHUNCHEON (춘천)Bus Terminal (students landing in terminal 2, catch bus to terminal 1).

Students can move to CHUNCHEON where Hallym University is located using the Limousine bus at the Bus station outside the passenger terminal at Incheon International Airport.

[Terminal 2]

**“한림대학교 국제관으로 가주세요” (033-248-1345)**

## Things You Have To Do After Arrival

### CHECK-IN

Once you arrive on campus, your first destination should be ISSO (International Office) in order to arrange all the necessary processing (check-in accommodation, ID card, reviewing course registration and so forth)

ISSO: 2nd floor, International Hall

If lost/confused, show this message to anyone who is on our campus:

**“한림대학교 국제팀 (국제관 2층)에 가려고 합니다. 어떻게 가나요?” (033-248-1345) (Room 14-220)**

They will direct you to our office (opening hours 08.30 – 17:30)

### DORMITORY

Upon receiving your accommodation application, ISSO will reserve your room and you will be asked to pay for the room after settling down on campus (during the first week of the academic semester). Your buddy will help you with checking-in.

For a smooth transition to campus life, you must arrive on campus during working hours. (08:30 ~ 17:30 Monday to Friday). Please note there is currently a midnight curfew in Hall 8. Hallym International Dorm (currently) has no curfew. More information about your dorm options can be found [here](#)

### TEMPORARY HOUSING

Temporary housing is available for students who want to arrive early in Korea ([subject to COVID-19 travel restrictions](#)), before the semester begins. Please inform us of your arrival date in advance, before booking any flights if you plan to arrive early. ([gareth@hallym.ac.kr](mailto:gareth@hallym.ac.kr)) (please note, you will be charged a daily rate for your accommodation when you arrive early).

\*Your normal housing selection will be charged from the first day of the semester, until the final day of the semester\*

- Temporary housing period : Please email [gareth@hallym.ac.kr](mailto:gareth@hallym.ac.kr) if you wish to arrive on campus early

## ORIENTATION FOR EXCHANGE STUDENTS

Exchange students are required to attend the International Student Orientation which will give you a lot of essential details about the university, immigration rules, how to register for classes, social activities, and recreational services. This will help you to achieve a smooth transition to your new environment.

- International Orientation : (likely) Friday 26<sup>th</sup> February 2022

## TB test

All spring 2022 students living on campus will be required to take a TB test (chest x-ray) during the first week of the semester.

## IMMIGRATION FOREIGN REGISTRATION CARD

Since all international students stay in Korea more than 90 days, you are required to register at a local Immigration Office and apply for foreign registration card. ISSO will assist with this procedure once you arrive on campus.

This registration card functions as a multiple entry visa which makes it possible for you to re-enter without visa until your visa expiration date (as indicated on the foreign registration card).

2 color passport photos are required for the application (35x45mm) (please note this is a different size than a 'standard' USA/Turkish passport photo). You must submit these photos when you first arrive on campus, it is therefore suggested you bring them with you, from your home country.

When you arrive on campus, you will be given a Alien Card application to complete. You must also pay ₩30,000 cash to ISSO + provide passport photos for your application.

**Hallym  
Intramural  
League**

- Soccer
- Baseball
- Basketball
- Badminton
- Foot Volleyball
- Dodgeball
- Tennis
- Futsal (mini soccer)
- Table Tennis

Sign up for one (or more) of the intramural league teams during the first week of the semester during the student recruitment fair. It's a great way to make friends and exercise at the same time!

Speak to your buddies to find out the exact date(s) and location of the fair. It is usually held during the first week of the semester outside the main administration building.

## General Information

### WEATHER

The climate of Korea is characterized by four distinct seasons: spring, summer, fall and winter. It will be late winter when you arrive and summer by the time you leave. Please make sure you pack both light summer clothing + warm winter clothing. Please bring at least one pair of warm winter boots/shoes & warm jacket.

### INTERNET ACCESS + Phones

We have free Wi-Fi zones throughout the entire campus; including the dormitories. Please ask for the Wi-Fi password, when you arrive at International Office.

A mobile phone provider will visit Hallym University during your first few days on campus. During this time, you can sign up to Korean phone coverage, if you wish.

### BANKING & CREDIT CARDS & CASH -

Cash machines are available throughout the city and on campus. We recommend you to bring at least one credit card with which you can withdraw cash. Master card and VISA are accepted across Korea. It is, however better if you bring a VISA card as Mastercards do not always work in every shop, or bank ATM.

Please inform your local bank in your home country about your plans to stay in Korea to avoid blocking the use of your cards at overseas ATMs.

You will need some cash when you arrive, to pay for bedding (if you ordered), immigration alien card, TB X-ray/Key card deposit ect.

You will also need to pay for your accommodation after a few days, (international bank transfers are NOT possible), so you will need access to cash, via withdrawal from a cash machine. (we

do not advise travelling from your home country with a large amount of cash). Typically Korean banks limit cash withdrawal at around ₩200-300,000 per withdrawal, so you may need to make several withdrawals to pay for your accommodation.

Banks offering Cash Service / Credit Card in Korea

## CURRENCY

Korea's official monetary unit is the won. Recently, a U.S. dollar exchanges for about 1,200 won. Exchange rates may change at any time according to the market conditions.

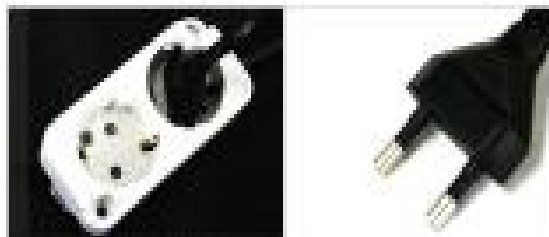

## COST OF LIVING

※Approximate costs of goods:

<https://www.numbeo.com/cost-of-living/in/Chuncheon-South-Korea>

## ELECTRICITY

Electrical current in Korea is 220v. Students should bring all their electronic devices and adaptors that are able to convert to this voltage.

## MEALS ON CAMPUS

You may buy meals at the University Cafeterias. There are three cafeterias on campus; each meal costs between \$3 ~ \$4. If you buy meals off campus, it usually starts from \$4 ~ \$5.

## WORKING IN KOREA

International exchange students are allowed to work off campus with permission of the Korean Immigration Service. For students staying for one semester this is almost impossible for you to

achieve. (you cannot begin any paid, or unpaid work off campus without informing Hallym University International Office + Korean Immigration) FIRST.

For more information please speak to ISSO. Ignorance of the rules is no excuse in the eyes of Korean Immigration.

Paid employment on campus is allowed without permission from the Korean Immigration Service.

Paid employment on campus is achieved by applying for (and being accepted into) Hallym International Dorm (**HID**).  
You must apply for HID **before** you arrive in Korea, via the housing application form + selecting the ‘tutor’ option. Please see the PR video for HID [here](#).

HID tutoring selection usually takes place during the first week of the semester. More information will be provided during our on campus orientation on Friday 26<sup>th</sup> February.

### What is HID?

■ Hallym International Dormitory (HID) is an intensive language and culture program at Hallym University. Hallym students who are interested in developing their language and cultural understanding live and study together with visiting exchange students here. The dormitory is organized into four different language sections (English / Chinese / Japanese / Russian). The dormitory itself houses approximately 160 students of which 33% are from other countries while the majority are Korean students. Therefore, as an exchange student living in HID, you can learn more about Korea from students who are most suited to assist you, and you can meet a variety of students from other countries.

### Exchange Students (English Section)

PR video [here](#)

■ As an exchange student at Hallym University, you can apply to live in HID as a resident. There are roughly 27 places in the English section for exchange students. You need a minimum of intermediate level English good enough for everyday

conversations. You will share a room with two Korean students. Therefore, you will have lots of opportunities to learn more about Korea and build new friendships. Most students consider the friendships and memories as the most rewarding aspect of their time in HID.

If you choose to live in HID (and tutor) you must take a mandatory HID course (2 credit, 2 hours a week), with the other international tutors + Korean students living in HID (If you want to be a tutor and you are selected to be a tutor).

You must take this 2 credit course, even if it is ‘non transferable’ (for credit) to your home institution. Refusal to take the course, or lack of attendance will result in expulsion from Hallym International Dorm (HID).

■ Due to the limited space available in the dormitory, it may be necessary for all students to be interviewed. For students overseas, this can be done over the phone, or upon your arrival on campus (to decide tutors). The phone interview will take approximately 10 minutes (if needed). The purpose of the interview is to assess your suitability to the program as well as your understanding of cultural diversity. Please understand that your place in HID is not guaranteed, even if you apply for it, until you have been personally and formally notified of your acceptance. If you apply for HID, please give a second housing option in case your application is unsuccessful.

Exchange  
Student Tutors  
(English Section)

■ As an exchange student, you can also apply to be a tutor. Tutors should be proficient in English at an academic level (i.e. they regularly study in English). They should also have the maturity, organizational skills, and leadership skills needed to lead a group of Korean students in their study. Cultural awareness is also an asset as a tutor because it will help them understand how different cultures view situations differently. They will be selected through an interview in the first week of the semester. **(you can only apply to tutor if you are living**

in HID, which you must apply for before you arrive in Korea.)

■ As a tutor, you will be required to:

- Attend 2 hours of lecture and host 2 hours of (compulsory) seminar per week. The lectures focus on developing understanding of current issues through student-driven discussions. The work is designed to encourage students to look at topics and issues in new ways from a different cultural perspective. Seminars are held during the evenings in which groups of 5-7 students work in teams on a variety of lecture related work and language development.

- Attend a small number of events throughout the semester that all students are encouraged to attend.

- Assist students with their language development and cultural understanding. This is usually done on an informal basis.

■ As a tutor, you will be compensated with:

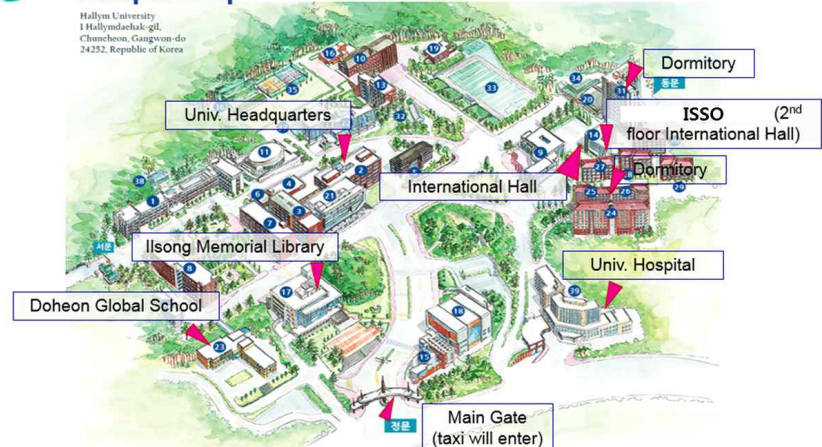

- Free accommodation for the whole semester (valued at **724,000 won**).

- A scholarship ranging from **300,000 won to 600,000 won**. The final amount depends on an assessment of your participation in the program (and the amount of tutors teaching).

### Hospitals

Hallym University has an on campus hospital and emergency room. If you need treatment Hallym International Office can help guide you through the process. English is not widely spoken throughout the hospital, with the exception of most doctors.

Depending on your circumstance, you may wish to attend hospitals or clinics in Seoul that offer 100% English service and treatment. Below are some suggestions. Please feel free to speak to Hallym International Office staff for further guidance:

Seoul International Clinic | Yongsan-gu, Seoul
