

▪ Field     Soil remediation and environmental chemistry  
▪ Name    Kim, Heon-ki  
▪ Title    Professor

▪ Office    Life Science Hall 8504  
▪ Tel       248-2155  
▪ email    heonki@hallym.ac.kr

### | Educational background

1996-1998 U.Florida (Ph.D - Environmental engineering)  
1994-1996 U.Florida (M.S - Practical science of soil moisture  
1982-1989 Yonsei University (Bachelor of Science - Chemistry)

### | Major careers

2016-present Dean of the Department of Environmental Science and Biotechnology  
2010-2012 Director of Business Incubator  
Head researcher of the Hanwha Group R & D Center

### | Studies & Books

연구 :

- 1) H. Kim, D. Ahn, M.D. Annable, Enhanced removal of VOCs from aquifers during air sparging using thickeners and surfactants: Bench-scale experiments. *J. Contam. Hydrol.*, 2016. 184, 25-34.
- 2) J. Kim, H. Kim, M.D. Annable, Changes in air flow patterns using surfactants and thickeners during air sparging: Bench-scale experiments. *J. Contam. Hydrol.*, 2015. 172, 1-9.
- 3) H. Kim, H. Yang, J. Kim, Standardization of the reducing power of zero-valent iron using iodine. *J. Environ. Sci. Health, Part A*, 2014. 49, 514-523.
- 4) Surfactant-enhanced ozone sparging for removal of organic compounds from sand. *J. Environ. Sci. Health, Part A*, 2013. 48, 526-533.
- 5) Measurement of air and VOC vapor fluxes during gas-driven soil remediation: Bench-scale experiments. *Environ. Sci. Technol.*, 2012. 46, 9533-9540.
